

Real Estate

Real estate has never been more global or more complex than it is today. We understand that it is a critical part of your business, regardless of where in the world you operate.

With more than 500 lawyers worldwide advising real estate industry clients, we can help you across the entire property lifecycle.

In a fast changing global market, we have been at the forefront in helping our clients navigate and redefine the most complex and high-profile real estate deals. From real estate investments, developments and how to finance them, to places to work and live. Whether you are looking at offices, retail, industrial, logistics, hotels, residential, or any other type of building, we can help.

We have built a practice based on a deep understanding of real estate assets. We combine our industry knowledge with a practical and collaborative approach to problem solving. Our client relationships are strong because they are built on mutual respect. We talk the language of real estate and we understand that it is a vehicle to deliver your business strategy. We will tell you the way we see it and work with you to get the deal done.
