

## Private Equity and Venture Capital

Private equity and venture capital funds today need global perspective and regulatory knowledge. The nuts and bolts behind forming, structuring, and negotiating investments. The lawyers at Hogan Lovells address it all.

Combining our strength in securities, tax, and regulatory matters. From traditional to innovative. We advise private equity and venture capital investors and sponsors. Their portfolio companies. From acquiring a portfolio to complying with regulations. Tax opportunities and risks. And operations issues throughout the lifecycle.

Our multijurisdictional experience and industry savvy means we can counsel on any fund matter you need. Because we take the time to understand your goals, our team can help strategize on the best path forward.

### Representative experience

Advised ACON Investments in connection with formation of ACON Equity Partners III, LP, a US\$750m US-based PE fund focused on energy and private business investments.

Advised RockPort Capital Partners in connection with formation of 4 clean energy funds. The most recent, RockPort Capital Partners III, L.P., is a US\$450m fund.

We advised Alpine Investors in connection with the formation of 5 US-based PE funds, with aggregate capital of approximately US\$725m.
