

Banking and Loan Finance

The economic climate has heightened both the risks and rewards involved in banking transactions. Finding the optimal deal structure and terms has never been so important.

Whether you are considering a new financing, refinancing options, or a restructuring, our banking lawyers positioned around the world function as an integrated team to anticipate your needs and those of your financing. We advise on innovative lending transactions, bank products, credit products, deal structures, and on all types of secured transactions to meet your goals. And we ensure that all banking matters we work on benefit from the firm's deep industry sector knowledge and experience.

Our clients range from blue chip corporates and private equity sponsors to lending institutions that include banks, insurance companies, funds, and other financial institutions. Our core banking practice areas include leveraged and acquisition finance, funds lending, real estate finance, asset finance, syndicated lending, Islamic finance, and trade and commodity finance.
