11 September 2020

The A Perspective Podcast

The A Perspective podcast resumes its second season. Andrew Skipper continues to discuss key topics with some of Africa's most influential leaders, both on and off the continent.

In this episode, Andrew is joined by Tedd George, Founder and Chief Narrative Officer of Kleos Advisory which provides thought leadership and strategic advisory on emerging markets, commodity value chains, and disruptive technology.

Listen as Tedd shares his experience of lockdown as a new business owner, how he flipped his model and pivoted his services in response to our new normal. He also highlights the big five innovations that he sees will bring about the new paradigm the Africa Union has boldly trumpeted as being essential for Africa post COVID-19.
