

PPPs (including P3 and PFI) and Government Contracts

You need knowledge of the intricacies of public-private relationships. We are at the heart of government policy and the latest market trends on PPP development. We have a deep understanding of our clients' business and industry sectors.

As one of the largest global infrastructure and energy teams, we have 30 years of experience advising on every aspect of project development — financing, investment ownership, management, and operation.

We have advised on projects in Asia, Africa, Europe, Latin America, the Middle East, and the U.S. totaling US\$250 billion. We are ranked Tier 1 by *Chambers UK* and *The Legal 500*. In 2015, the *Infrastructure Journal* ranked us as the number 1 legal provider for UK PPPs.

Representative experience

The States of Niger and Benin in connection with the US\$3bn 1850 km Cotonou-Niamey and Niamey-Burkina Faso sections of the West African rail loop project.

The Singapore Sports Council in connection with its US\$1.8bn Singapore Sports Hub project, the world's largest sports infrastructure PPP project, and the subsequent refinancing.

The UK Department for Transport on the £7bn Intercity Express Programme: the procurement of the East Coast and Great Western mainline rolling stock.

The public sector authority in connection with its US\$500m
