

Vincent Fidelle

Partner

Paris

Biography

Vincent Fidelle joined Hogan Lovells in 2004 and has worked with both corporate companies and financial institutions in their financial market operations. Vincent's capability and experience covers a wide range of capital markets transactions, from setting up and updating EMTN programmes and structured and plain-vanilla bond issues to hybrid debts and covered bond issues.

Vincent also advises on new regulated activities and regulatory issues relating to the setting up and marketing of financial products – areas that are constantly changing. Given his diverse practice, Vincent has assisted clients from many industry sectors including energy and natural resources, automotive, real estate, financial institutions and insurance.

Representative experience

Advising EDF on the first ever green bond issued by a corporate of €1.4bn.

Advising Ceetrus in relation to a €300million green bond transaction listed on the Luxembourg Stock Exchange.
